Space Coast NA -ASC

Meeting minutes

December 14th 2014

The Chair opened the meeting at 2 PM with a moment of silence followed by the serenity prayer. The 12 Traditions were read along with the definition of an ASC. Followed shortly therafter by the 4th paragraph on page *xxvi* from the BASIC TEXT.

Quorum was met with 18 of 19 groups present

GROUPS ABSENT FOR MORE THAN THE PAST 4 MEETINGS: GLAD TO BE ALIVE, WE DO RECOVER SOUTH, KEYS TO FREEDOM, ANOTHER CHANCE, LIVING WITH PURPOSE

OPEN FORUM

Trish from no matter what group announce that 12/26 their doors will open at 6:30 and the meeting starts at 7, they are having a speaker. 2 new meeting flyers are being passed around.

Alicia stated she thinks we need to set the bar higher in our area and be more positive. She then read a letter that is attached.

Fred said that JFT is still open although he's heard people came and the doors were locked, he doesn't believe it.

Webservant Jim is going to put a disclaimer regarding the holiday event flyers that there is no affiliation with the holiday, he then discussed that he takes meetings off of the website after 3 complaints from helpline that the meeting wasn't held. Alicia then asked Jim if he could list the events on the website by date, he said he could.

Fred then again stated they are meeting and that some people talk bad about JFT, a straw poll was held and it was voted 12 against and 6 for reinstating JFT on the meeting list.

OPEN FORUM WAS CLOSED

Previous month's minutes were read by area secretary, and accepted.

12/14/14 Spacecoast ASC Open Forum by Alicia A.:

The work we do in PR and H&I often go hand in hand to first inform a facility about who we are and what we do and then potentially bring in H&I presentations through the H&I subcommittee. At all times it is important for a facility to have a single point of contact to eliminate confusion or disunity. As a concerned member of the H&I subcommittee and Narcotics Anonymous, I would like to address a grievance I have with the way in which communication to a facility has been handled.

PR and H&I worked together to make a presentation to a facility requesting H&I meetings. After the presentation was complete, the H&I subcommittee voted and found a member who had willingness to take in a meeting to this facility. Upon taking in the meeting, it was found out that the facility did provide no limitations, other than available space in their van, to allowing residents to travel to an outside meeting. This disqualified them from having an H&I meeting based on our H&I subcommittee guidelines. There was much discussion at the subcommittee level and it was determined by vote that we would no longer take in the meeting and that the H&I facility liaison would communicate to the facility of our decision.

When the H&I facility liaison contacted the facility they were informed that a member of the PR subcommittee had sent them an email communication about the H&I subcommittee decision and the facility representative was disturbed by what she had read. No one from the H&I subcommittee had directed this individual to communicate on the behalf of H&I. However, the member was part of early PR communications and therefor may have been directed by PR to follow up.

However, we have very specific guidelines, traditions, and concepts of service that must be followed when doing service with individuals both inside and outside the fellowship. When we do not follow these, we risk tarnishing the reputation of the fellowship as a whole.

Next month, I will be drafting some additional guidelines to be included in a motion that will address this specifically and create policy for this area and the subcommittees that directly relate to communication with the public. These guidelines will create a very specific point of contact so that we can all be clear on who should be the point of accountability and contact in situations like these.

I address this ASC today with both a problem and a proposed solution. I am passionate about service in Narcotics Anonymous and want to do everyone I can to ensure that we remain unified in our efforts to help the addict who still suffers. I have enclosed an excerpt from the H&I Handbook, which quotes A Guide To Public Information on "Rules of Thumb for Cooperation between H&I and PI". I am also including an excerpt of the 5th and 8th Concepts of NA Service.

(copied from H&I Handbook)

WHERE AND HOW TO START AN H&I MEETING/PRESENTATION

The initial approach to start a H&I meeting/presentation should be made through an H&I subcommittee—don't ever act alone. Often a facility will approach Narcotics Anonymous and ask to have an H&I meeting. At other times an H&I subcommittee will approach the facility to propose a meeting/presentation. In either case, the H&I subcommittee should work in conjunction with the PI subcommittee

H&I/PI COOPERATION

Rules of Thumb for Cooperation between H&I and PI

1. Remember, we all belong to the same fellowship and our primary purpose is the same no matter to which subcommittee we belong.
2. Communication between the two subcommittees ahead of time (that means planning together on how to proceed) will help avoid problems and promote unity.
3. Flexibility will allow for cooperation that responds to the needs of the facility while upholding our traditions.
4. "I can't, but we can" applies to subcommittee members and subcommittees. Hospitals & Institutions Handbook 3
5. Work together. When we don't, we divert ourselves from our primary purpose. There may be instances where the most effective and productive presentation can only be accomplished by a combined effort of representatives from H&I and PI. This, of course, is a perfect application of our Twelve Steps and Twelve Traditions working together to carry the message of NA recovery to the still-suffering addict.

Examples:
- A hospital treatment center calls for a presentation to their doctors and nurses - PI.
- A hospital treatment center calls for a presentation to their clients - H&I.
- A call comes requesting information, maybe a meeting, doesn't know - H&I and PI.

If a PI subcommittee doesn't exist in an area or region, H&I subcommittees may take on many of the responsibilities generally taken on by PI subcommittees. Ask your ASC/RSC for support and information.

Generally, a PI activity is geared to people outside our fellowship and includes people who come in contact with addicts and can help addicts to find NA. The approach with non-addicts differs from the more personal sharing appropriate to talks given to addicts.

At the world, regional, and area levels: PI committees and subcommittees are working to develop materials to use in presentations to people in the helping professions. Cooperation and flexibility are the keys that will allow H&I subcommittees and PI subcommittees at all levels to keep informed on what is being done by other subcommittees in their area or region. If we work together, we can accomplish any task. Unity of purpose is vital to our efforts.
Note: The above text in italics is taken from A Guide To Public Information,
Revised 4/88.

{copied from Concept of Service}

Fifth Concept

For each responsibility assigned to the service structure, a single point of decision and accountability should be clearly defined.

The key to applying the Fifth Concept is in defining the task that needs to be done, and the easiest way to apply it is right from the start. When we first create a service task, we should consider what kind of authority we must delegate in order for that task to be accomplished, and what kind of accountability we should require of those to whom we are giving that task. Then, one particular trusted servant, service board, or committee should be designated as the single point of decision and

accountability for that assignment. This simple principle applies to all the services provided in Narcotics Anonymous, from the group to our world services.

When we decide a certain service task should be done, and clearly say which trusted servant, service board, or committee has the authority to accomplish the task, we avoid unnecessary confusion. We don't have two committees trying to do the same job, duplicating efforts or squabbling over authority. Project reports come straight from the single point of decision for the project, offering the best information available. An assigned service responsibility can be fulfilled swiftly and directly, because there is no question of whose responsibility it is. And if problems in a project arise, we know exactly where to go in order to correct them. We do well when we clearly specify to whom authority is being given for each service responsibility.

The single point of decision we define for each service responsibility is also a single point of accountability. As we've already seen in the Fourth Concept, and as we shall see further in Concept Eight, accountability is a central feature of the NA way of service. When we give our trusted servants responsibility for a particular service task, we hold them accountable for the authority we've delegated them. We expect them to remain accessible, consistently providing us with reports of their progress and consulting with us about their responsibilities.

Accountability does not mean that we delegate authority only to take it right back. It simply means that we want to be informed of decisions our trusted servants are considering as they go about the tasks we've assigned them. We want to have the opportunity to impact those decisions, especially if they directly affect us. And we want to be kept up-to-date on each responsibility we've assigned to the service structure so that, if something goes wrong, we can take part in making it right.

The Fifth Concept helps us responsibly delegate our authority for NA services. In exercising the Fifth Concept, we make a simple, straightforward contract with our trusted servants. Right from the start, they know what we are asking of them, what decisions they are expected to make themselves, and to what degree we will hold them accountable for the service work they do on our behalf. Exercise of Concept Five is not a task to be taken lightly. It calls for us to carefully consider the service work we want done; to clearly designate who should do that work; to delegate the authority to do it; and to maintain accountability for those duties. It takes effort to conscientiously apply Concept Five, but the results are worth the effort.

Eighth Concept

Our service structure depends on the integrity and effectiveness of our communications.

Our fellowship's service structure is founded on the unity of our groups; to maintain that union, we must have regular communications throughout Narcotics Anonymous. Together, our groups have created a service structure to meet their common needs and to help them fulfill their common purpose. The effectiveness of the service structure depends on the continued unity of the NA groups, and on their continued support and direction. These things can only be maintained in an atmosphere of honest, open, and straightforward communication among all parties concerned.

Regular communication plays a large part in the fulfillment of our groups' final responsibility and authority for NA services. Through their GSRs, the groups regularly report their strengths, needs, ideas, and conscience to the service structure. Taken together, these group reports give our service boards and committees clear guidance in their efforts to serve NA as a whole. When the groups are regularly given full and accurate information from all elements of the service structure, they become familiar with the structure's normal patterns of activity. The groups are then able to recognize when something goes wrong with one of our service boards and committees, and are in a better position to know how to help correct the problem. And, knowing what kinds of resources are needed to fulfill service tasks, our groups are also more likely to provide the service structure with adequate support.

Clear, frequent two-way communication is an important prerequisite for delegation. When our groups ask the service structure to fulfill certain responsibilities on our behalf, we delegate to the structure the authority needed to make decisions related to those responsibilities. We need to be able to trust our trusted servants before we can confidently delegate them that degree of authority. That kind of trust depends in large part on continuing communication. So long as our service boards and committees regularly issue complete, candid reports of their activities, we can be confident that we have delegated our authority wisely.

Open and frank communication is a critical ingredient of effective leadership. To better know the ideas, wishes, needs, and conscience of those they serve, trusted servants must listen carefully to their fellowship. To give the NA groups the information they need to guide and support our services, NA leaders regularly distribute full, unequivocal reports. We do not want our trusted servants to constantly inundate us with every fact and figure possible, though we do expect them to provide us with complete information on all their activities and discussions if we ask for it. In communicating with those they serve, trusted servants demonstrate an open attitude, one that is inclusive, inviting, and clearly influenceable. Such openness and forthrightness may be uncomfortable, but is essential in maintaining the integrity of our services.

Finally, full and frequent communication is essential in the development of group conscience, the spiritual means by which we invite the influence of a loving God in making our collective decisions. To develop group conscience, communications must be honest and direct. Without the full picture, seen from all sides, our groups, service boards, and committees cannot develop an informed group conscience. When we gather together to consider service issues, we openly share ideas and information with one another, frankly speaking our minds and hearts on the matter at hand. We listen closely to one another, considering carefully the information and insights we've heard; we consult our individual consciences on the matter; then, we make a decision. A conscience fed on ignorance is an ineffective conscience, incapable of providing reliable guidance. An effective conscience can develop only in an atmosphere of regular, open communication among all parties concerned.

The purpose of our services is to help our fellowship fulfill its primary purpose: to carry the message to the addict who still suffers. Honest, open, straightforward communication is essential to both the integrity and the effectiveness of the NA service structure. Unity, group responsibility and authority, delegation, leadership, accountability, group conscience, participation—all depend on good communication among the various elements of the NA
Fellowship. With regular two-way communication, our groups and our services are well positioned to uphold the ideals and fulfill the responsibilities described in our Twelve Concepts.

Other $ _____

New Groups, $35 Budget each $_____

Total unpaid $__228.00___ Total Distribution: $___934.25_

We purchased $482.68 from RSO on November 21st. Wow, you purchased over double the usual orders. There was only a nominal amount of back orders, nonetheless. But I implore you; if you have a big order to PLEASE email it in advance so it can be ready. spacecoastasc.gmail.

I purchased a multi-page stapler for $33.91 and order form copies with the new prices $12.59: 50 1 page and 50 2 pages; receipt to the Treasurer. We have more groups and more paper work which justify this expense.

I still need to get the 4 page order form ready for print and eventually will need to purchase additional staples for the new stapler; it came with 500 which should last a good long time.

The new meeting LATE SHIFT has not received their start up literature as yet, they want to get established first. Please support them at 10:30pm on Wednesdays.

SCACNA VISION OF HOPE 7
PO Box 2491, Melbourne, FL 32902
Convention Subcommittee Report
NOVEMBER 30th, 2014

The meeting was opened by Chairperson Tom C with the Serenity prayer, followed by the vice chair, Elliot reading the 12 traditions, 12 concepts and purpose of the convention subcommittee.

Open forum: Tom talked about members missing 2 meetings back to back, and being a chairperson of a subcommittee. Preconvention t shirts were discussed and a vote was held regarding which logo to use #3 black on yellow logo was selected with a majority of 3 votes. Noone is able to contact Selenia, Colleen as alternate chair for programming feels lost. Support was offered to her by the rest of the committee. David D offered his help for the convention, and has agreed to help with computer logging of registrations as they are received. Dawn won't be here for the next conv meeting, and Kris has agreed to take meeting minutes. Since Hunter is not here, Tom asked if he has the committee's approval to ok the lowest bid that meets with our requirements regarding quantity of colors and tshirts. The committee unanimously agreed.

Review of previous month's meeting minutes was performed and accepted.

ELECTIONS: NONE

OPEN POSITIONS: Treasurer, Registration, and Vice Alternates for all subcommittees except Hotel liason, programming, and hospitality.

SUBCOMMITTEE REPORTS:

- Arts & Graphics—we reviewed graphics for preconv tshirts no meeting is scheduled
- Fundraising—next event New Year's Eve, next mtg 2nd monday of mon 6:30p crossroads church

Meeting Address: [redacted]

Committee Report: We met on Dec. 6, 2014. There were 4 people present. We discussed the website , literature, jail clearances and H&I in ref to Literature provided. The jails do not have any place in their budget for purchasing lit and they would like to have some literature. NOTE: AA does provide literature for the jails.

Jim is hard at work on updating the website. Forums were discussed but we are still undecided about how to moderate them.

Still looking at cost for ads for busses and or bus benches, doing local pr spots on television. And the possibility and costs of doing a billboard. NOTE: AA now has a bill board on US 1. If you would like to know more please come to our meeting at CTC on the 1st Saturday of the month at 1:30 pm.

Current activities of committee:
We currently place literature into 18 Libraries and 13 other facilities.
Our Web Servant renewed our Domain to a more user friendly platform.

Report of communication w/Regional subcommittee chairs: None

Financial Expenditures/Budget where A.S.C. reimbursement is required:
We have a literature order this month for $228.

Yours in Loving Service
